**ACCOUNTANT GENERAL
(ACCOUNTS AND ENTITLEMENTS)

Preface

The Annual Accounts of the State Government are prepared and examined under the directions of Comptroller and Auditor General of India in accordance with the requirements of the Comptroller and Auditor General's (Duties, Powers and Conditions of Service) Act, 1971, read with the Madhya Pradesh Re-organisation Act, 2000, for being laid before the Legislature of the State. The Annual Accounts consist of (a) Finance Accounts and (b) Appropriation Accounts. Finance Accounts are summary statements of accounts under the Consolidated Fund, Contingency Fund and the Public Account. The Appropriation Accounts record the Grant wise expenditure against provisions approved by State Legislature and offer explanations for variations between the actual expenditure and the funds provided. The Accountant General (Accounts and Entitlements) prepares the State Finance Accounts and the Appropriation Accounts.

'Accounts at a Glance' provides a broad overview of governmental activities, as reflected in the Finance Accounts and the Appropriation Accounts. The information is presented through brief explanations, statements and graphs.

We look forward to suggestions that would help us in improving the publication.

OVERVIEW

The monthly accounts of the State Government are compiled and consolidated from the accounts submitted by the district Treasuries, Public Works and Forest Divisions, etc., to the Accountant General (Accounts and Entitlements). Besides, the Finance Accounts and the Appropriation Accounts are prepared annually by the Accountant General under the directions of the Comptroller and Auditor General of India in accordance with the requirements of the Comptroller and Auditor General's (Duties, Powers and Conditions of Service) Act, 1971.

The section 'Expenditure Heads (Capital Account)' deals with expenditure met usually from borrowed funds with the object of increasing concrete assets of a material and permanent character. It also includes receipts of capital nature intended to be applied as a set-off to capital expenditure. The section 'Public Debt, Loans and Advances, etc.' comprises loans raised and their repayments by Government such as 'Internal Debt' and 'Loans and Advances' made (and their recoveries) by Government.

Part II : In the Contingency Fund, the transactions connected with Contingency Fund established under Article 267 of the Constitution of India are recorded.

Rush of Expenditure

Regular flow of expenditure in the year is a primary requirement of budgetary control. Rush of expenditure particularly in the closing months of the financial year is regarded as a breach of financial rules. It was, however, noticed that in the following cases the expenditure incurred during March 2006 ranged between 50 per cent to 90 per cent of the total expenditure during the year indicating the tendency to utilise the budget provision at the fag end of the financial year:-

RECONCILIATION OF ACCOUNTS

Accuracy and reliability of accounts depend, among other things, on timely reconciliation of the departmental figures with the accounts figures.

The Controlling Officers are required to reconcile the departmental accounts figures with those booked in the accounts compiled by the Accountant General before finalisation of the annual accounts. The reconciliation of accounts figures is to be done monthly by the departmental authorities. In the year 2005-06, there were delays in reconciliation of the accounts by the departmental authorities.

The overall increase in the Government's total expenditure during 2001-02 to 2005-06 (5 years) has been Rs.11577.65 crore (Rs.28021.20 crore-Rs.16443.55 crore). Growth in major areas of Revenue Expenditure is shown in the following table:-

(Rupees in crore)

During 2005-06, expenditure on interest payments and pension comprised 25 percent of the total revenue receipts and 4.6 percent of GSDP. However, there is reduction in interest payments of Rs. 239 crore mainly due to lower rate of interest after consolidation of central loans (Rs.90.32 crore) and interest relief on account of Debt swap (Rs.29.65 crore).

GOVERNMENT ACCOUNT

The total expenditure (Revenue and Capital) for the year is netted against total receipts (Revenue and non-debt Capital receipts) of the year and the surplus/deficit thereof is transferred to a separate ledger called "Government Account". In addition, net effect of Prior Period Adjustments, Miscellaneous Government Accounts, etc. is also transferred to the ledger "Government Account". Thus, the ledger "Government Account" represents the cumulative surplus/deficit of the operations of the Government. The details of the ledger "Government Account" for the past five years are given below:-

WAYS AND MEANS ADVANCES

The State Government, in order to maintain and sustain its liquidity position, avails of Ways and Means Advances from the Reserve Bank of India and thereafter resorts to overdraft whenever there is shortfall in the agreed minimum cash balance in its account with the Reserve Bank of India. The Government is required to maintain a minimum cash balance of Rs.1.96 crore with Reserve Bank of India. The larger the amount and greater the number of times such Ways and Means Advances are taken or drawals made, the more it reflects over the adverse position of the cash balance of the State Government.
